(each a "Tranche" and the notes of any or all Tranches, the "Notes") issued by Victoria Peak International Finance Limited pursuant to its Retail Note Programme (the "Programme")

We refer to our notices to distributors of the Notes dated 1 December 2008, 8 December 2008 and 11 December 2008 informing you of recent credit events which have occurred in relation to the Underlying Securities for the Notes and the related loss calculations.

As previously, although we are under no obligation to provide information in respect of the Notes or the Underlying Securities beyond that specified in the Offering Documents, in the present exceptional circumstances we believe it may be helpful to write to all Distributors to provide certain information relating to the Notes and the Underlying Securities. We would encourage you to provide this information to your customers who invested in the Notes.

As at the date of this notice, the Underlying Securities for the Notes consist of Series 2005-11 Class II Secured Floating Rate Notes due 2010 issued by Morgan Stanley ACES SPC acting for the account of the Series 2005-11 Segregated Portfolio (the "Underlying Securities"). As at the Issue Date, the credit rating assigned by S&P to the Underlying Securities was "AAA".

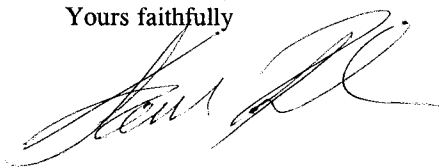

As mentioned in our previous notices to distributors of the Notes dated 1 December 2008 and 11 December 2008, since the Issue Date, credit events have occurred in respect of Quebecor World, Inc., Lehman Brothers Holdings Inc., Washington Mutual, Inc., Dana Corporation, Federal National Mortgage Association and Tribune Company. Whilst these are not Reference Entities under the Notes, they are reference entities under the Underlying Securities. As a result of these credit events and recent market turmoil, the credit rating

assigned by S&P to the Underlying Securities has been lowered to "A-" (CreditWatch: Negative). As at the date of this notice, the occurrence of these credit events has not resulted in an Underlying Securities Default Event or an Early Redemption Event in relation to the Notes. The Issuer can give no assurance as to whether an Underlying Securities Default Event or an Early Redemption Event will or will not occur in relation to the Notes in the future.

If you have any questions or queries regarding this notice or the Notes, please consult your own legal, tax, accountancy or other professional adviser as you may see fit.

Capitalised terms used but not otherwise defined in this notice or otherwise specified shall have the meanings ascribed thereto in the Issue Prospectus relating to the Notes dated 29 March 2005.

Yours faithfully
